INDEPENDENT AUDITOR'S REPORT

To the Honorable Members of the Board of Directors
Bedford County Economic Development Authority
Bedford, Virginia

Report on Financial Statements

We have audited the accompanying financial statements of the Bedford County Economic Development Authority (the "Authority"), a component unit of the County of Bedford, Virginia, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net position of the Authority, as of June 30, 2020, and the changes in net position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted a management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

The directory of principal officials has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2021 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

BEDFORD COUNTY ECONOMIC DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS

June 30, 2020

Note 1. Summary of Significant Accounting Policies

Reporting entity:

The Bedford County Economic Development Authority (the “Authority”) was created as a governmental subdivision of the Commonwealth of Virginia by ordinance of the Board of Supervisors of Bedford County on October 12, 1970, pursuant to the provisions of the Industrial Development and Revenue Bond Act (Chapter 33, Section 15.1-1373, *et. seq.*, of the *Code of Virginia* 1950, as amended). The Authority is governed by seven directors appointed by the Board of Supervisors. It is authorized to acquire, own, lease, and dispose of properties to the extent that such activities may promote industry and develop trade by encouraging enterprises to locate and remain in Virginia.

In addition, the Authority is authorized to issue revenue bonds for the purpose of obtaining and constructing facilities. Liability under the bonds may be retained by the Authority or it may be assumed by the enterprises for whom facilities are constructed. Collection of revenues pledged to liquidate the bonds may be assigned to a trustee. The revenue bonds are not deemed to constitute a debt or pledge of the faith and credit of the Commonwealth of Virginia or any municipality thereof. The bonds are payable solely from revenues generated from the lease or sale of the facilities constructed and may be secured by a deed of trust on those facilities.

The Authority is classified as a discretely presented component unit of the County of Bedford because its members are appointed by the Board of Supervisors, and the County provides significant funding to the Authority. Thus, the County is financially accountable for the Authority.

Measurement focus and basis of accounting:

The Authority’s financial statements consist of a single enterprise fund and are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing grant and incentive services and producing and delivering goods in connection with the Authority’s principal ongoing operations. The principal operating revenues of the Authority generally result from operating leases, financing leases, and proceeds of land and buildings held for resale. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Authority’s policy to use restricted resources first, and then unrestricted resources as they are needed.

Cash and cash equivalents:

The Authority’s cash and cash equivalents are defined as cash on hand, demand deposits, and short-term investments with original maturities three months or less from the date of acquisition.

(Continued)

BEDFORD COUNTY ECONOMIC DEVELOPMENT AUTHORITY

**NOTES TO FINANCIAL STATEMENTS
June 30, 2020**

Note 1. Summary of Significant Accounting Policies (Continued)

Notes receivable:

Notes receivable consist of amounts owed to the Authority from sales of property and sales-type leases.

Inventory:

The cost of land (including acquisition costs) is allocated to subdivided areas for the purpose of accumulating costs to match with sales revenues. Where practical, land improvement costs are charged to the appropriate subdivided area on a specific identification basis. Other improvement, carrying, and amenity costs are allocated based on acreage. Building costs are accumulated and matched to sales revenues.

Capital assets:

Capital assets purchased or constructed are stated at historical cost. Donated property is recorded at acquisition value at the date of donation. Depreciation for capital assets has been provided over the following estimated useful lives under the straight-line method:

Buildings and improvements	15-30 years
Equipment	3-15 years

Unearned revenues:

Unearned revenues consist of operating lease prepayments that have been received but not earned at year end.

Net position:

Net position is the difference between assets and liabilities. Net position invested in capital assets represent capital assets, less accumulated depreciation. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

Asset impairment:

The Authority reviews long-lived assets, including land inventory and capital assets, for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. There was no impairment during the current year.

Estimates:

Management uses estimates and assumptions in preparing its financial statements. Actual results could differ from those estimates.

BEDFORD COUNTY ECONOMIC DEVELOPMENT AUTHORITY

**NOTES TO FINANCIAL STATEMENTS
June 30, 2020**

Note 1. Summary of Significant Accounting Policies (Continued)

Performance grants payable:

Performance grants payable are recorded when, in management’s opinion, failure by the grantee to meet the performance criteria is unlikely. Refunds of performance grants are reflected as revenues when collection is determined to be likely.

Note 2. Deposits and Investments

Deposits:

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the “Act”) Section 2.2-4400 et. seq. of the *Code of Virginia*. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Investments:

Statutes authorize the Authority to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, “prime quality” commercial paper and certain corporate notes, banker’s acceptances, repurchase agreements, and the State Treasurer’s Local Government Investment Pool (LGIP). As of June 30, 2020 there were no investments.

Note 3. Notes Receivable

Notes receivable consist of various Authority loans to companies. Balances are due over time and are not expected to be collected in full within one year.

Based on the Authority’s analysis of loans at June 30, 2020, no allowance was recorded. Management evaluates the performance and payment history of companies annually in determining the required allowance.

	<u>Ending Receivable</u>	<u>Due Within One Year</u>

Fund Development Projects:					
Virginia Community Capital Bank	2016	2028	4.75%	\$ 700,000	\$ 669,279

(Continued)

BEDFORD COUNTY ECONOMIC DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS

June 30, 2020

Note 7. Sales-Type Leasing Arrangements

The Authority entered into a lease agreement with Bedford Brewing, LLC, which has common ownership with Waukeshaw Development, Inc., in June 2016. In October 2016 the lease was amended, and executed simultaneously with the amendment, was a tenant's work letter agreement. The lease agreement provides for periodic rental payments in amounts which are equal to the principal and interest payments due for the Virginia Community Capital Bank Note Payable. Terms of the lease stipulate that Bedford Brewing, LLC will make monthly lease payments in the amount of \$3,652 beginning November 1, 2017. The tenant's work letter agreement addressed the construction of leasehold improvements, specifically a brewery and restaurant on the leased premises.

In October 2016, the Authority also entered into an option to purchase contract with Way Out West, LLC, which also has common ownership with Bedford Brewing, LLC and Waukeshaw Development, Inc. The option is exercisable after 10 years from November 1, 2017 and may be extended for two one-year periods. The purchase price for the property shall be the unpaid balance, if any, on the Virginia Community Capital Bank Note Payable.

Note 8. Risk Management

The Authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The Authority is insured through the County's insurance policies. There were no significant reductions in insurance coverage from the prior year, and settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 9. Related Party Transactions

The County provides office space and management services in the form of employees to the Authority at no charge. The Authority provides parking to the County at no charge.

Note 10. Performance Grants Payable and Other Commitments

Performance agreements:

The Authority has awarded performance grants to companies within the County to foster economic development. Disbursements under these grants vary based on the performance requirements and period in which the company has to perform. Outstanding grants payable total \$460,000 as of June 30, 2020.

(Continued)

BEDFORD COUNTY ECONOMIC DEVELOPMENT AUTHORITY

**NOTES TO FINANCIAL STATEMENTS
June 30, 2020**

Note 10. Performance Grants Payable and Other Commitments (Continued)

In May 2017, the Authority entered into a performance agreement with Liberty University (the “University”), whereby the University acquired Lot 1, approximately 28 acres, of the New London Business and Technology Center for a purchase price of \$800,000. The Authority held a promissory note in the amount of \$800,000 as payment of the full amount of the purchase price. The University agreed to construct the remainder of the circular drive and parking spaces per the Development Master Plan by April 30, 2018 and was granted a credit of \$150,000 toward the outstanding note as of June 30, 2019. Under the original agreement the University would construct a new facility and certain other improvements and relocate its Engineering School to the new facility. The Authority would grant credits based on relocation timeline and revenue generated and paid to County of Bedford, Virginia during a five-year period. In July 2019, a modified agreement was signed as Liberty University would not be relocating the Engineering School to Lot 1; however, the agreement granted Liberty University a \$110,000 credit for completion of nine research labs reducing the outstanding payable to \$540,000. Liberty University paid the outstanding \$540,000 balance to the Authority in July 2019. Also, under the modified agreement, the Authority agreed to pay Liberty University \$4.33 per square foot of finished floor space of new and completed buildings built on Lot 1 up to a maximum of 99,231 square feet (i.e., \$430,000). This applies to construction commenced on or after the effective date of the agreement and completed on or before the date that is five years immediately subsequent to the effective date of the agreement. As of June 30, 2020, the Authority’s outstanding performance grant payable relate to this agreement is \$430,000.

The Authority also has a performance grant payable of \$30,000 to Custom Truck as of June 30, 2020.

Leases:

The Authority leases buildings to commercial and other governmental entities under leases with varied terms, typically one to five years, with opportunities for annual extensions.

Note 11. Conduit Debt Obligations

From time to time, the Authority has been associated with the issuance of Lease Revenue Bonds to provide financial assistance for the acquisition and construction of facilities deemed to be in the public interest. The conduit debt obligations are secured by the property financed and are payable solely from payments received on the underlying loan. The Authority is not obligated in any manner for repayment of the obligations. Accordingly, the obligations are not reported as liabilities in the accompanying financial statements. As of June 30, 2020 the Authority had the following conduit debt arrangement:

Bedford County Courthouse and Social Services Building Refunding Revenue Bonds, Series 2005 – The \$7,785,000 Series 2005 bonds provided funds to refund a portion of the Series 1999 Courthouse and Social Services Building Lease Revenue Bonds. As of June 30, 2020 \$735,000 remains outstanding.

BEDFORD COUNTY ECONOMIC DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS
June 30, 2020

Note 12. COVID-19 Impact

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude the pandemic will have on the Authority’s financial condition, liquidity, and future results of operations. Management is actively monitoring the impact of the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Authority is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2021.

Note 13. New Accounting Standards

The Governmental Accounting Standards Board (GASB) has issued the following Statements which are not yet effective. The effective dates below are updated based on **Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance** due to the COVID-19 pandemic.

In January 2017, the GASB issued **Statement No. 84, Fiduciary Activities**. This Statement establishes standards of accounting and financial reporting for fiduciary activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019.

In June 2017, the GASB issued **Statement No. 87, Leases**. This Statement establishes standards of accounting and financial reporting for leases by lessees and lessors. The requirements of this Statement are effective for fiscal years beginning after June 15, 2021.

In August 2018, the GASB issued **Statement No. 90, Majority Equity Interests, an amendment of GASB Statements No. 14 and No. 61**. This Statement improves the consistency and comparability of reporting a government’s majority equity interest in a legally separate organization and improves the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government’s holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value.

(Continued)

BEDFORD COUNTY ECONOMIC DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS
June 30, 2020

Note 13. New Accounting Standards (Continued)

For all other holdings of a majority equity interest in a legally separate organization, a government should report the legally separate organization as a component unit, and the government or fund that holds the equity interest should report an asset related to the majority equity interest using the equity method. This Statement establishes that ownership of a majority equity interest in a legally separate organization results in the government being financially accountable for the legally separate organization and, therefore, the government should report that organization as a component unit.

This Statement also requires that a component unit in which a government has a 100 percent equity interest account for its assets, deferred outflows of resources, liabilities, and deferred inflows of resources at acquisition value at the date the government acquired a 100 percent equity interest in the component unit. Transactions presented in flows statements of the component unit in that circumstance should include only transactions that occurred subsequent to the acquisition.

The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The requirements should be applied retroactively, except for the provisions related to (1) reporting a majority equity interest in a component unit and (2) reporting a component unit if the government acquires a 100 percent equity interest. Those provisions should be applied on a prospective basis.

In May 2019, the GASB issued **Statement No. 91, *Conduit Debt Obligations***. This Statement provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021.

In January 2020, the GASB issued **Statement No. 92, *Omnibus***. This Statement enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. Certain requirements of this Statement are effective immediately and others for reporting periods beginning after June 15, 2021.

In March 2020, the GASB issued **Statement No. 93, *Replacement of Interbank Offered Rates***. This Statement addresses accounting and financial reporting implications that result from the replacement of an IBOR. The removal of LIBOR as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2022. All other requirements of this Statement are effective for reporting periods beginning after June 15, 2021.

In March 2020, the GASB issued **Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements***. This Statement improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The requirements of this Statement are effective for reporting periods beginning after June 15, 2022.

(Continued)

BEDFORD COUNTY ECONOMIC DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS
June 30, 2020

Note 13. New Accounting Standards (Continued)

In May 2020, the GASB issued **Statement No. 96**, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). The requirements of this Statement are effective for reporting periods beginning after June 15, 2022.

In June 2020, the GASB issued **Statement No. 97**, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement No. 32*. This Statement provides a more consistent financial reporting of defined contribution pension plans, defined contribution OPEB plans, and other employee benefit plans, while mitigating the costs associated with reporting those plans. Certain requirements of this Statement are effective immediately and others for reporting periods beginning after June 15, 2021.

Management has not determined the effects these new GASB Statements may have on prospective financial statements.

INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Members of the Board of Directors
Bedford County Economic Development Authority
Bedford, Virginia

We have audited, in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the Bedford County Economic Development Authority (the “Authority”), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which comprise the Authority’s basic financial statements, and have issued our report thereon dated June 25, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected; on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. **Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. **The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.**

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
